RE: Update for families regarding chicken tenders, sliced pizza, and egg sandwiches

Dear Parents & Guardians:

The safety of students always comes first and families should be rest assured that school food is safe and nutritious.

We have robust processes in place for inspecting food daily and ensuring any concerns are immediately addressed.

Due to quality control concerns, we have suspended serving sliced pizza, chicken tenders, and egg & cheese sandwiches. These items will not be served again until all concerns have been addressed. Schools are offering alternative menu options and we are exploring new sources for these products.

We will continue to keep you updated.

Sincerely,

SchoolFood
